

# HP No.100 Grey Photo Inkjet Print Cartridge

The HP No.100 Grey Photo Inkjet Print Cartridge is designed for photo enthusiasts who want to be able to print professional-quality, fade-resistant colour and/or black & white photos with striking tone, texture and contrast.

#### Bring dramatic detail and texture to colour photographs.

- Contains light grey, dark grey and photo black inks which ensure noticeably more detail – particularly in shadowed areas – for striking colour photos.
- Print true-to-life colour photos by combining this cartridge with HP No.344 or 343 Tri-colour Cartridges to create HP's 6-ink printing system.
- Get studio-quality photos with a huge colour gamut when you use this cartridge together with the HP No.344 or 343 Tri-colour Cartridges and HP No. 348 Photo Cartridge to create HP's 8-ink printing system.

#### Produce true greys for stunning black & white photos.

- Works as a standalone 3-ink printing system to produce breathtaking, professional-quality black & white photos with striking tone, texture and contrast.
- Delivers a unique palette of greys plus the richness of photo black, enabling you to print pure shades of grey without any colour tints.
- Open up new print possibilities with shimmering greys, brilliant whites, metallics and deep blacks.

Make your memories last, with photos that resist fading for generations<sup>1</sup>.

- Print colour and black & white photos that stay looking as fresh as they did the day you first printed them.
- Get performance you can rely on – proprietary dye-based inks have been specially formulated for this cartridge to provide superior fade resistance on HP Premium Plus photo papers.
- Ideal for printing photos that you want to frame and put on the wall – or for producing reprints, enlargements or copies that friends and family will want to treasure for years to come.

<sup>1</sup>Based on HP light fade testing under glass using HP Premium Plus photo papers.

This advanced grey photo cartridge – part of HP's 3-, 6- and 8-ink printing systems – brings crisp, dramatic detail to both black & white and colour photos and produces prints that resist fading for generations<sup>1</sup>.
